

# NEOGEN Solutions for Managing Coronavirus

Coronaviral diseases as a family are enveloped, RNA viruses that have had a presence within both the human and animal health industries over the years. With the most recent outbreak of Coronavirus, commonly referred to as COVID-19, Neogen is prepared to help you source solutions to protect your people and businesses.

**Wash your hands thoroughly and often**

**Stay home if you have symptoms**

**Avoid contact with sick or potentially sick people**

**Maintain a healthy lifestyle and diet**

# NEOGEN'S PORTFOLIO FOR PROTECTION

## COMPANION™ Hand Sanitizer

COMPANION Hand Sanitizer is an alcohol-based foaming hand sanitizer formulated to provide exceptional protection. The CDC recommends if soap and water are not readily available, use an alcohol-based hand sanitizer with at least 60% alcohol. This unique formulation contains the same 62% ethyl alcohol as today's best-selling gels, but is dispensed as a thick, rich foam that dries quickly, leaves no sticky chemical residues, and will not dry skin even with repeated use. **This product meets CDC recommended concentration of alcohol for prevention of coronavirus.**

Item No.	Description	Case Ct.	Pallet Qty.
490909/1.7	COMPANION Hand Sanitizer 1.7 oz	30	4,500
490909/16	COMPANION Hand Sanitizer 7 oz	16	1,600

## Parvosol® II RTU Disinfectant

Parvosol II RTU (ready-to-use) is a hospital grade quaternary ammonium formulation with even more effective disinfecting power, now ready-to-use from the bottle. Effective against Human Coronavirus, Parvovirus, Feline calicivirus, H1N1 (swine flu), Avian Influenza, and more.

**Parvosol-II RTU has demonstrated effectiveness against viruses similar to SARS-CoV-2 on hard, non-porous surfaces. Therefore, Parvosol-II RTU can be used against SARS-CoV-2 when used in accordance with the directions for use against Canine Parvovirus on hard, non-porous surfaces.**

Refer to the CDC website at:

<https://www.cdc.gov/coronavirus/2019-ncov/index.html> for additional information.

Item No.	Description	Case Ct.	Pallet Qty.
190416	Parvosol II RTU Disinfectant 1 gal	4	192

## BioSentry® 904 Disinfectant

BioSentry 904 Disinfectant is a hospital grade broad-spectrum blend of four quaternary ammonium compounds disinfectant recommended for use on hard nonporous surfaces. This is a concentrated product that should be diluted per the label instructions. Effective against Human Coronavirus, Parvovirus, Feline calicivirus, H1N1 (swine flu), Avian Influenza, and more.

**BioSentry 904 has demonstrated effectiveness against viruses similar to SARS-CoV-2, a novel coronavirus, on hard, non-porous surfaces. Therefore, BioSentry 904 can be used against SARS-CoV-2 when used in accordance with the directions for use against Feline Calicivirus on hard, non-porous surfaces.**

Refer to the CDC website at:

<https://www.cdc.gov/coronavirus/2019-ncov/index.html> for additional information.

Item No.	Description	Case Ct.	Pallet Qty.
D12709560	BioSentry 904 Disinfectant 1 gal	4	192
D12695590	BioSentry 904 Disinfectant 55 gal	1	4

Neogen offers a wide variety of gloves and other PPE items such as disposable shoe covers and aprons. More products are available, please contact your Neogen Representative for more information.

## BioSentry® BioPhene™ Spray Disinfectant

BioSentry BioPhene Spray Disinfectant is an EPA-registered, hospital grade, aerosol disinfectant that effectively controls common viruses and bacteria. In addition to controlling viruses, bacteria, and fungi, BioPhene Spray Disinfectant also eliminates odor and controls mold and mildew. BioPhene Spray Disinfectant can be used in many areas where quick disinfection may be needed which makes it a great addition to your biosecurity portfolio.

Item No.	Description	Case Ct.	Pallet Qty.
490910	BioSentry BioPhene Spray Disinfectant 15.5 oz	12	900

## COMPANION™ Disinfectant Wipes

COMPANION disinfectant wipes are a hospital grade, ready to use wipe that effectively cleans, disinfects and controls odor in one step. COMPANION disinfectant wipes are nonabrasive and non-corrosive with repetitive use. Effective against Canine Parvovirus, Feline calicivirus, H1N1 (swine flu), Influenza A Virus, and more

Item No.	Description	Case Ct.	Pallet Qty.
490908	Companion Disinfectant Wipe 160 ct	4	512

## Synergize®

Synergize is a hospital grade, multi-purpose disinfectant-cleaner with a Quaternary ammonium/ glutaraldehyde combination active chemistry. With a single in-use dilution for all label claims and a non-corrosive formulation, Synergize is a user-friendly biosecurity product.

**COVID-19 is caused by SARS-CoV-2. Synergize kills similar viruses and therefore can be used against SARS-CoV-2 when used in accordance with the directions for use against Feline Calicivirus on hard, non-porous surfaces.**

Refer to the CDC website at:

<https://www.cdc.gov/coronavirus/2019-ncov/index.html> for additional information.

Item No.	Description	Case Ct.	Pallet Qty.
433600/32	Synergize 32 oz	6	660
433600/1	Synergize 1 gal	4	192
433600/55	Synergize 55 gal drum	1	4

## AccuPoint® Advanced

AccuPoint Advanced Sanitation Verification System is a handheld ATP reader that accurately detects ATP from surfaces and rinse water samples. A total of 3 different samplers are available, depending on the application, for surface testing, rinse water testing, and narrow openings (e.g. small pipes, fill nozzles). For more information, please reach out to your Neogen representative.

Item No.	Description
9903	AccuPoint Advanced Reader
9905	AccuPoint Advanced Sampler, Surface (100 Samplers)
9906	AccuPoint Advanced Sampler, Water (100 Samplers)
9907	AccuPoint Advanced Sampler, Access (100 Samplers)
